

## Company Spec Sheet

- Company name: Phoenix Robotics
- ROV name: USS Phoenix
- Tag Line: *Soaring to New Heights Through Advancements in Cutting Edge Technology*
- Cost: \$1,988.89
- Collective time: 2,000 hours
- Safety Features:
  - Thruster Shrouds
  - OSHA standard markings
- Special Features:
  - Lift bag
  - Retractable tether for the mini ROV
- Distance Travelled:
  - MATE International Competition (711 miles, 1144.24 km)
- Team:
  - Paul Fernandez
    - 12th Grade, Future Biotechnology Major
    - **CEO, Design Engineer, Senior Advisor**
  - Natan Egosi
    - 11th Grade, Future Mechanical Engineering Major
    - **Software Engineer, Electrical Engineer, CTO**
  - Matthew Fernandez
    - 10th Grade, Future Engineering Major
    - **Pilot, COO**
  - Eryk Chazares
    - 10th Grade, Future Mechanical Engineering Major
    - **Company Documentation & Development Officer**
  - Nicholas Tassistro
    - 10th Grade, Future Mechanical Engineering Major
    - **Co-Pilot, Claw Manager**
  - Jadon Jackson
    - 10th Grade, Future Mechanical Engineering Major
    - **Tetherman**
  - Julie Fernandez
    - 9th Grade, Future Biology Major
    - **Prop Designer, CFO**
  - Joud Elsherbiny
    - 9th Grade, Future Aerospace Engineering Major
    - **Assistant Tetherman, Underclassman Representative, Poolside Mechanic**
  - Sam Glow
    - 9th Grade, Future Zoology Major
    - **Diver, Assistant Tetherman**
